How to use the NENA Enhanced PSAP Registry
1. Once you receive your credentials to login and login into the site you will be brought to this page.
2. Once here you can search a specific address, PSAP, City or town. With this example if you needed to contact Bonita Beach Florida, you would type in “BONITA BEACH”
2. Once here you can search a specific address, PSAP, City or town. With this example if you needed to contact Bonita Beach Florida, you would type in “BONITA BEACH”
3. With this example if you know the exact address in question you could type that in. (1575 Hard Rock Road, Irving, TX) The map will pinpoint the address and the PSAP information will display the same as typing in the town.

Note:
This is a tool and is not the end all be all. Information is only accurate when it is updated by the PSAP so it is possible information could be out of date or incorrect.
